

Patrick Sheridan

Experience

REI - Frontend Developer

October 2021 – August 2024 | Seattle, Wa

- Developed modern features for REI's Cart and Checkout web pages that reduced user friction and increased conversion rates
- Peer reviewed, tested, and deployed code changes through CI/CD pipeline to live production sites
- Increased REI Checkout page's accessibility by 45%
- Refactored legacy code and assisted in the transition of Checkout from RiotJS to Vue3
- Jira for tracking and Agile workflow

ISoftStone Inc. - Software Development Engineer

February 2021 – June 2021 | Seattle, Wa

- Developed applications with Microsoft backend engineers to address and expand web accessibility
- Utilized Azure's machine learning to evolve app that automatically generated subtitles on user uploaded videos

Fluke Corporation - Frontend Developer

October 2017 – November 2020 | Everett, Wa

- Worked with stakeholders to create custom, mobile friendly landing pages for promotions, product launches, A/B tests, and new campaigns
- Launched products and maintained web pages on Fluke's 63 international websites

U.S. Forest Service, Arapaho National Forest - Biological Science Aid (GS-2):

April 2016 - September 2016 | Grandlake, CO

- Eliminated harmful, invasive plant species across hundreds of acres of the Arapaho National Forest
